1. About NASA SEWP VI

NASA SEWP (Solutions for Enterprise-Wide Procurement), pronounced “soup,” is a premier Government-Wide Acquisition Contract (GWAC) providing the latest Information Technology, Communications, and Audio-Visual (ITC/AV) products, services, and solutions to all Federal agencies and their approved contractors. Established in 1993, SEWP is self-funded through a low 0.34% surcharge and processes tens of thousands of orders each year, offering fast, low-cost, and compliant acquisition. SEWP VI is the sixth generation of the vehicle, with a period of performance of November 2026 through October 2036.

2. About Onyx Consulting Services

Onyx Consulting Services, LLC is an engineering and technology firm delivering high-quality, innovative solutions to the Federal Government under the guiding principle “Excellence Through Innovation.” Onyx listens to fully understand each customer’s problem, develops the best solution within budget and schedule, and delivers on time at agreed-upon cost. Learn more at onyxconsults.com.

3. Contract Identification & Fair Opportunity

Onyx Consulting Services, LLC is an authorized Contract Holder under NASA's Solutions for Enterprise-Wide Procurement (SEWP) VI — a multi-award Government-Wide Acquisition Contract (GWAC) available to all Federal agencies and their authorized support contractors.

SEWP VI is a multiple-award contract. Per the contract's Fair Opportunity provisions: *“Contractors will be provided a fair opportunity at the individual order level as appropriate per FAR Part 16.505(b), including the SEWP RFQ tools. No documentation for the order selection is required to be submitted with the order. All such documentation is to be maintained by the issuing procurement office.”* Customers are encouraged to request quotes from multiple Contract Holders through the SEWP Quote Request Tool (QRT).

4. What's in Scope for SEWP VI

SEWP VI provides a broad suite of IT, communications, and audio-visual (ITC/AV) products, services, and solutions. Contracts are awarded across three scope categories:

- **Category A** — ITC/AV Solutions (product-based).
- **Category B** — Enterprise-Wide ITC/AV Service Solutions.
- **Category C** — Mission-Based ITC/AV Service Solutions.

Onyx Consulting Services holds a **Category C (Mission-Based ITC/AV Service Solutions)** award. To confirm whether a specific requirement is within scope, send an overview or bill of materials (BOM) to the Onyx SEWP team at sewpvi@onyxconsults.com, or to the SEWP PMO at help@sewp.nasa.gov.

5. How to Place an Order

- 1 **Build your requirement.** Identify the hardware, software, or services you need; Onyx can help scope a solution.
- 2 **Request quotes through the SEWP QRT.** Submit requirements via the NASA SEWP Quote Request Tool, selecting Onyx as a Contract Holder.
- 3 **Receive your Onyx quote.** Our team responds with a compliant quote referencing the SEWP VI contract, pricing, and delivery terms.
- 4 **Issue the delivery order.** Your contracting officer places the order against SEWP VI, citing contract 80TECH26D1199.
- 5 **Track fulfillment & delivery.** Onyx confirms receipt, provides order status, and coordinates delivery and installation.
- 6 **Post-delivery support.** See Section 3(b) for installation, warranty, and technical support.
